TERRE BLANCHE EUROPE'S FINEST RESORT

Nestled perfectly between Provence and the Riviera is this little piece of heaven on earth.

In the eastern side of Provence, nestled in unspoiled lush nature, "Terre Blanche is like an oasis to me" said its billionaire German owner Dietmar Hopp, "an oasis which is soothing to the soul."

At 45 minutes from Nice Côte d'Azur International airport and 35 minutes from Cannes, discover this peaceful luxury resort, unique in the region, member of the Leading Hotels of the World and a European Tour Destination.

The creation of the resort was inspired by Provence homes with accommodations set in villas designed as a charming Provençal village with flourished cobblestone alleyways amidst peaceful

gardens. In harmony with nature, every suite has alluring views, luxury space, comfort, privacy and large terraces. The resort features four restaurants including one with a Michelin star, two of the most prestigious golf courses in Europe that regularly host professional tournaments, a

lavish spa and a kids' club. But the resort's masterpiece is undoubtedly the 600sq m infinity pool surrounded by spacious and intimate cabanas, offering panoramic views over the authentic Provence.

The two 18-hole courses, Le Château and Le Riou, both designed by former Ryder Cup player Dave Thomas, are set in a magnificent and untouched nature. Le Château runs over 6,616 metres with bunkers, water hazards, and greens worthy of a championship course. Le Riou, at 6,005 metres, offers a slightly different game. High above the valley, it is a technical course with hilly, winding fairways and fast greens that reward strategic and precise play. This course,

available exclusively to hotel guests and members, is host to the Ladies European Tour Access Series' Terre Blanche Ladies Open.

In addition, the resort sports a one-of-a-kind Albatros Golf Performance Centre. The "European Tour Performance Institute" is complete with a Leadbetter Academy and a Biomecaswing Centre where you can enjoy unique training facilities and sophisticated analysis.

Off the course, the Spa welcomes you in a breathtaking Provençal bastide offering the ideal setting for relaxation. Devoted to well-being, it features 14 treatment rooms where guests can indulge in a variety of bespoke massages and beauty treatments by Valmont. Bathed in natural daylight, the Spa showcases a 65-foot lap pool, an outdoor vitality pool, saunas, Jacuzzis, a fitness room and beauty salons as well as a tea room with terrace amidst a peaceful garden.

chance to explore the médiéval villages discovering local traditions or enjoying tasting at many wineries.

Alternatively, sport enthusiasts will enjoy cycling across the region, hiking, or gliding in the blue sky to uncover breathtaking panoramic views.

For the younger travellers, the Kids' Club provides a wide range of activities alternating games, discovery and creations for children up to 12 years old, while the Teens' Club organises multiple outdoor adventure activities for teenagers during July and August.

Last but not least, Terre Blanche is a first-choice destination for gourmet. The Michelin-starred Chef Philippe Jourdin has his own botanical garden and uses the fresh seasonal herbs for his recipes. Inspired by the natural environment, Chef Jourdin and his immensely talented team bring you the very best cuisine that Provence has to offer.

In other words, Terre Blanche gives you no excuse not to pack your bags and visit!
